1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Francis Hand on 4/15/2005. In the interview it was noted that Keller et al. still anticipated claim 24 and that claim 24 was not a copy of claim 18 as contended in the remarks because the limitation of the handle being aligned by rotation of the second piece had been omitted from claim 24. It was agreed to amend claim 24 to insert the omitted limitation.

The application has been amended as follows:

In claim 24 (patent claim 23),

Last line: "said housing." has been changed to - - said housing wherein said handle is aligned by rotation of said second piece. - -.
